

Communications - June 2019 - Kayla Schneider

Updates:

- **Website:** The domain is now under our own account for Good News Church! Evan did not charge us anything to move it to our name. The new site is also up and live! Take time to look through it and let me know what you think!
- **Father's Day:** Root Beer Floats - There are students and women lined up to help serve root beer floats on Father's Day! Right now I have Jerilyn, Abby, and Jessie Moore(between services), Taylor Hetland(both), Jamie and Emily Buckley(between services), and Kaden, Sydney, and myself(both).
- Sermon series graphic done for June (Jesus + Nothing)
- **Non-Profit status with Google:** This should give us free email accounts with Google. We have not transitioned them from SiteOrganic at the moment. Verification has been approved so working on how to have a smooth transition with our emails.
- **APP:** The directory is now A LOT EASIER to access! It is a 1-click step! If you were struggling to remember all the steps, try again!
