

Communications - July 2019 - Kayla Schneider

Updates:

- **Father's Day:** Root Beer Floats - We received a lot of good feedback from the Father's Day root beer floats!
- **Emergency Video:** Worked through emergency plans for Good News and created a video for our emergency procedures.
- New consistory pictures all updated on the website.
- **Servant's Heart Team:** The Servant's Heart team walked through the same activity the Deacons did at their last meeting so we could see how many different mission request funds from Good News Church. This was very good and eye opening. We are planning another meeting for the end of July/beginning of August, but do not have a date set yet. We know we have Fall Festival coming up this fall and the angel tree. Chad and Julia Focht have agreed to work with the angel tree again. Sally Dieltz is reaching out to a few other possible people who could team up with the Focht's and make this project more managable. Sally also plans to work on a few guidelines for the angel tree so when people serve in this area, they have direction.

July/August Goals:

- Connection Wall: Updates to the different communication on the wall. Also, talking through a few ways to make it more interactive and useful for our hospitality team and guests.
- **FPU video**
- July/August/September communication plan
- Begin to work with Servant's Heart team on 2020 plans
- Sermon series graphic for September (Waiting)
- Weekly tasks (children/regular bulletin, emails, etc.)
