Family Event Updates:

*We are in full planning mode for the November family event - plativity stem night. It will be a fun night for kids to explore various STEM concepts and tie that into Biblical concepts.
*In December, we will be hosting the Christmas Experience on Friday, December 6 -- Come to build a manger and a gingerbread house while learning about the meaning of Christmas

Children Discipleship Corner:

*In Sunday School, the kids have been learning about different prophets - specifically Elijah, Elisha, Jonah, and Hosea. They have been seeing how these prophets and Biblical concepts point to Jesus.
*One of the main questions that the kids are focusing is why should we obey God? We should obey God because He made us, He loves us, and His plans are good.
*After large group, the kids gather in small groups and practice their memory verse, review the story points of the lesson, and the elementary have time to dig into their Bible.
*We are still looking for more small group Sunday School leaders so send them my way if you know of anyone!
