

## Derek Harsch - Worship Arts Pastor - Good News Church

- New Stage Setup
  - This past month there has been a lot of change on the stage as we were able to grab a bunch of people and help tear down the Christmas décor and get ready for a new stage design. It's funny how bare the stage looks after all the trees come down. Ryan F, Karen, Kevin and I came up with a new stage setup grabbing thin board from menards and painting it black and nailing it to the windows. This would create a wall like feature that we are then able to nail our design to.
- Unite Night
  - I had been looking at doing another worship night and thought about collaborating with Ryan and his team to see what we could come up with. Unite Night will be held on Jan 30<sup>th</sup> at 6:30pm. This will be a worship night that will include all ages and will be combined with the youth atmosphere. We have done worship nights in the past and though they have been well attended, we had a hard time grabbing the youth to be part of it. Unite will bring the church together as one proclaiming One God as One Church.
- Hospitality
  - Tonya, Pete, Mary D, Ryan and I have are very excited to have our 1<sup>st</sup> and 2<sup>nd</sup> hospitality teams launched this January. We currently have 7 to 8 on each team and expect to have more as many have shown interest in joining but would like to hear about more info during our training days Jan 22<sup>nd</sup> & 23<sup>rd</sup> at Good News. If I could I'd love to share more about this in Consistory.
- Youth Worship.
  - This past and current month I have been working with our teams adding songs from our GNY 30 list that Ryan and I have both made. This is a list of all songs that we as a youth band play throughout 2018-19. This can be found under GNY 30 on Spotify. New songs that we are adding are as follows: Good Grace, God I Look To You, Yes I Will, Uncontainable Love, Do It Again. These songs are playing in addition to the ones that we already know from the beginning of the year.
- Worship Team
  - Though we are excited to for the new year as we have added Kathryn Hart to our vocal team, we are also sad to hear Crev will be stepping down from our tech team. Please pray for the family and they try and begin to put the pieces together. Also pray for our tech team that God would bring us a few more helping hands.
